

SWVH NEWSLETTER: SUMMER 2008

To All of Our Valued Clients & Their Pets:

This is the first edition of the Southwest Veterinary Hospital Newsletter, which we hope will become a helpful and informative resource for our clients and their pets. In keeping with the theme of getting the Hospital open for business, you'll find that this edition is focused on the status of construction. However, you can be sure that future editions will be filled with information and opinions you can use.

The goal of SWVH is to provide a standard of excellence in patient care in a modern, fully-equipped AAHA-certified small animal hospital. A hospital that is comfortable for our patients, attractive to our clients and a pleasant workplace for the doctors and support staff.

EARLY DAYS: Interior Progressing Nicely

BEFORE THE WALLS: Plumbing Installation in Early July

Please enjoy this newsletter and update, and know that we look forward to serving you and your pets again in the very near future!

Sincerely,

***The SWVH
Doctors and
Staff***

SWVH GRAND OPENING UPDATE

From Your Veterinarians:

We appreciate your many inquiries as to the status of the New Hospital. We know you're anticipating our opening and you can be sure that we are excited as well.

The Hospital is on track to open in September 2008. The GRAND OPENING date will be announced in the very near future! In the meantime, please feel free to stop by the office and take a peek in the windows to see our contractor's progress, and be sure to say hello if you see either of us there.

We've included a few pictures to give you all an idea of the progress so far. The Hospital is now fully sheetrocked and finish work is in progress!

Be sure to continue to contact us through our website and check back often for updates. We can't wait to see you!

Sincerely Yours,

Dr. Gary Sargent

Dr. Erin Rasmusson
